

Architectural Technical Manager

AA is looking for an Architectural Technical Manager who will be passionate about said position. Candidate will serve as a resource to the rest of the AA team when it comes to constructability questions and will be responsible for the office's QAQC for a large variety of project types. Candidate should also bring sustainable design strategies to the table to enrich our projects accordingly. This is a full-time, paid position.

Experience

10 years minimum in architecture including construction administration experience. Design Build experience is a plus.

Candidate must have advanced Revit skills. Proficient in AutoCAD. Rhino is a plus. Must have comprehensive knowledge in putting together a construction set and be able to mentor those with less experience on how to do this.

General understanding of IBC and CBC is a must. Knowledge of LABC and various other local jurisdictions is a plus.

Must be a licensed architect.

Type of project experience

AA's portfolio includes a wide variety of project types. Ideally, the candidate has experience in tenant improvement projects, retail, restaurant, and office spaces.

Candidate must have experience in ground up buildings and large-scale projects of 50,000 sf or larger and/or \$20 Million projects or larger.

To Apply

Please submit a resume, sample package of your technical drawings (not to exceed 20mb), and cover letter stating why you are interested in QAQC and the technical side of architecture to careers@abramsonarchitects.com. Please include "Architectural Technical Manager" in the subject line.
